

Maximise your play area's potential with a MonsterPlay@Caloo all-weather, wet-pour safety surface.

Transform an old tarmac surface, a muddy area or a wet and dirty bark pit into a clean, safe and attractive area to play all year round!

▶ Key Features:

- Impact absorbing
- Environmentally friendly
- Continuous seamless surface
- Porous/fast draining
- Year round use
- Ideal for patterns/graphics
- Highly UV stable, reducing colour loss
- Wheelchair friendly
- Durable
- Maintenance free
- Complies with BS EN 1177:2008
- Smooth, even finish
- Bright colours

MonsterPlay@Caloo offers safety surfaces to suit your individual requirements. Our wet-pour safety surface is ideal for creating bright, colourful and educational playground designs to stimulate imaginations. Wet-pour is safe in all conditions, reducing the risk of injury from a trip or fall. Our safety surfaces are also wheelchair friendly.

▶ LIFE-CYCLE COST

Over a 10 year period, good quality wet-pour, such as the one from MonsterPlay@Caloo, will be more cost-effective than grass mats, rubber tiles, low quality wet-pour or loose fill.

▶ FULL SPECTRUM

MonsterPlay@Caloo wet-pour is available in over 20 colours, which can be used to define areas, create fun designs and incorporate educational graphics for interactive play.

MonsterPlay@Caloo wet-pour surfacing is formulated from rubber granules and polyurethane binders. The surface consists of two layers: a base layer of coarse black granules made from recycled tyre rubber and a coloured top layer of much finer rubber granules.

Our surfaces can be laid as part of a new construction, usually being laid onto a dynamic crushed stone layer. They can also be laid directly onto existing hard surfaces.

critical fall height

MonsterPlay@Caloo wet-pour surfacing has been fully tested to BS EN 1177:2008. This European standard dictates what depth of impact-absorbing surfacing is required for different heights of play equipment. The Standard's purpose is to reduce the risk of injury to children's heads, legs, arms, shoulders and backs.

TOTAL SERVICE

MonsterPlay@Caloo offers a complete design to delivery service - from initial consultation and site survey to designing and installing. Tell us what you want to achieve and we'll make it happen.
