

Table tennis tables

Diabolo Slim

We recommend each table has
4.6m x 6.8m total space

Diabolo Slim is a simple, classic outdoor table tennis table featuring:

- Realistic ball bounce - performs like an indoor table
- Very robust - can withstand loads of over 1000kg per side
- Will not crack, corrode or rot
- Vandal resistant
- Resistant to environmental aggressions such as UV, frost, salt spray
- Simple to assemble
- Can be left as freestanding or bolted down (Ground fixings not supplied)
- Legs can be filled with ballast to reduce ball bounce noise frequency
- Diabolo is FFTT Leisure-approved and features competition-level rebound

Maintenance-free and easy to install, the table can be used by people with reduced mobility, is NF-EN 15312 standard-compliant and GS-certified by TUV Sud laboratory.
