

Acrylic Coating

Using MonsterPlay@Caloo acrylic coatings, we create running tracks and other bespoke themes which are individually designed to make the most use from the tarmac space available.

We can even include your logo/crest as a thermoplastic marking on the site.

- Encourage Activity
- Attractive, durable surface
- Textured finish for improved grip
- Bespoke design service
- National installation service

Surfacing - Acrylic Coating

We offer a comprehensive range of impact absorbent and traditional playground surfaces. Our impact absorbent surfaces are certified to EN1177 and include rubber wet pour, grassmatting, bonded rubber shred and loose fill systems. We can undertake site preparation as required for these surfaces and our installation teams are experienced in the installation of traditional tarmac areas and can lay new or overlay existing.
