

Sun Shelter Sand Box

EC-100

This unit is a sand box and sun shelter all in one! This protective shelter keeps children safe from the sun while they play in the sand box. Adults will also enjoy relaxing on the bench-like border, which makes a great seat.

Minimum Space: (L)244 x (W)244cm

Earlyworks - Sand & Water Play

Sand & Water Play promotes sensory development and offers child-initiated activities. Cascading water invites pouring, mixing, floating, and draining small toys and other objects from the environment. Sand promotes digging, building, burying, and sculpting. Sand & Water Play is a critical sensory experience for children's healthy development.
