Theatres inspire children to get creative! Plus kids love writing and putting on plays. Whether they are doing simple impromptu skits or elaborate three-act plays where parents are invited as the audience, kids learn to exercise their imaginations and play cooperatively. Who can resist getting up on stage?

Performance - Auditory & Sensory Music Activities

Creating and listening to music is beneficial for people of all ages and abilities. In early childhood, children experiment with cause and effect by making music. Since many instruments have origins in other cultures, musical instruments can enhance multi-cultural curriculum, and are beneficial for any classroom – indoors or out!
