

MonsterPlay@Caloo Bonded Mulch for playgrounds is a natural looking bonded surface often described as rubber bark. Laid in-situ, it is a durable and environmentally friendly safety surface containing 100% recycled rubber.

The process encapsulates recycled tyre rubber in a tough PU polymer coloured with light stable pigments and, once fully cured, the pigments and coating are both non-toxic and inert.

▶ KEY FEATURES

- Porous/fast draining
- No dispersement or scattering
- Quick and easy to install
- Clean and hygienic/doesn't attract animals
- No topping up or raking required
- Maintenance free
- Play grade material i.e. no sharp or harmful materials
- Complies with BS EN 1177:2008
- Year-round use
- Wheelchair friendly
- Continuous seamless surface
- Environmentally friendly

▶ TOTAL SERVICE

MonsterPlay@Caloo offers a complete design to delivery service - from initial consultation and site survey to designing and installing. Tell us what you want to achieve and we'll make it happen.

▶ NATURAL TONES AND MIXED COLOURS

Bonded Mulch is available in various basic colours, which can also be blended in any combination to create numerous colour alternatives.

Bonded Mulch Installed

Bonded Mulch Installed

MonsterPlay@Caloo Bonded Mulch has been tested to the strict requirements of BS EN 1177:2008 on a concrete base in laboratory conditions (worst case scenario).

Where the surfacing is installed onto a dynamic base (eg soil or stone), which contributes to the CFH performance significantly, greater fall heights may be achieved with less thickness of surface.

The purpose of the BS EN 1177 Standard is to reduce the risk of injury to children's heads, legs, arms, shoulders and backs.

Bonded Mulch requires minimal groundwork preparation and can be installed directly onto grass or existing hard standing surfaces such as tarmac. It is ideal for areas where excavation can be a problem, such as around tree roots. The surface is fully porous and maintenance free - no costly topping up of material or regular raking required!

MonsterPlay@Caloo sources only the best quality materials from known producers in the UK and through its stringent procedures ensures a great level of colour consistency is maintained.
