Furniture - Play Fencing/Play Gates

If you are looking to provide a safe secure and fun play environment then look no further than our wide range of fencing.

We offer a variety of solutions in sustainable sourced timber and high recycled content steel, for school playground and public play area applications where security, safety, durability and sustainability are key.

All our playground fencing and playground gates are RoSPA approved with no finger traps or sharp edges.

MonsterPlay@Caloo have considerable experience and have installed fencing at some very challenging sites across the UK.
