

Bark Path

SS8-05

Shredded bark can be used to form paths where a very informal look is required. Quick, cheap and easy to install but may need regular 'topping-up'. Ideal for kids play areas.

We offer a comprehensive range of impact absorbent and traditional playground surfaces. Our impact absorbent surfaces are certified to EN1177 and include rubber wet pour, grassmatting, bonded rubber shred and loose fill systems. We can undertake site preparation as required for these surfaces and our installation teams are experienced in the installation of traditional tarmac areas and can lay new or overlay existing.
