

Poured Concrete

SS8-11

With a poured concrete path there are no joints or spaces for weeds, moss, or grass to take hold. Properly laid it provides an attractive and tough low maintenance path which will give many years of service.

We offer a comprehensive range of impact absorbent and traditional playground surfaces. Our impact absorbent surfaces are certified to EN1177 and include rubber wet pour, grassmatting, bonded rubber shred and loose fill systems. We can undertake site preparation as required for these surfaces and our installation teams are experienced in the installation of traditional tarmac areas and can lay new or overlay existing.
