

| Device Specifications | |
|-------------------------------|-----------------------|
| Safety zone | 107,20 m ² |
| Length | 14,92 m |
| Width | 6,72 m |
| Total height | 7,00 m |
| Free fall height | 2,10 m |
| Age range | 5-14 years |
| In accordance w/ EN standards | 1176-1:2017 |
| Availability of spare parts | Yes |

Minimal space

Material Specification

- 80 x 80 mm stainless steel construction;
- Colorful elements are made of weather condition resistant HPL plates and polycarbon plates;
- HPL platforms and climbing walls;
- No sharp edges or chinks that would pose a danger of jamming the head, fingers or any other body parts;
- Steel ropes braided with PP, connected by durable plastic elements;
- Top of the construction is secured with rubber caps;
- Stainless steel tube slide;
- Other metal elements made of stainless steel;

Additional comments

- The equipment is certified by an accrediting organization or by certificate of conformity;
- Depth of foundations on a flat surface: 80 cm;
- The equipment is designed for public playgrounds;The equipment render is of an illustrative nature and shows only the general specification of the equipment, but not its actual appearance. The colours may differ from those demonstrated on render.
- Slides should not be installed southwards;

Surfaces

Due to the free fall height of the equipment, the EN 1176-1:2017 standard allows the following surfaces: sand with minimal layer thickness of 40 cm (A), synthetic material approved for free fall of 2,10 m (A)
