

Playground Scales

EYA-014

The perfect addition for educational sand and water play, encouraging children to explore weight, balance, and problem-solving through hands-on interaction.

This unit features a treated timber upright with colourful HDPE scales, rubber buckets, and stainless steel chains for durability and ease of use. Ideal for early years settings and sensory play zones.

The unit measures 1100mm in height, 779mm in width, and 252mm in depth.

HDPE scales available in a variety of colour options.

Sand not included

Technical Information

Materials

10 year in-ground guarantee. Sustainably sourced softwood can be FSC® certified (FSC® C102594) on request. Pressure treated using the latest generation wood preservative. Ideally suited for climates similar to the UK.

Manufactured from high-grade waste which rescues countless tons of scrap from ending up in landfill. Renowned for its exceptional durability, our HDPE is virtually unbreakable, engineered to withstand the most challenging conditions. Moreover, it boasts excellent UV stability.

Surfacing

Surface Measurements

Grass Matting	N/A
Grass Matting (Wear Area)	N/A
Wetpour	N/A

No safety surface required as critical fall height is less than 600mm. However, we suggest allowing an appropriate free space around the item in compliance with BS EN1176.
