## 1.8m Mud Kitchen

EYA-018

A robust and colourful outdoor kitchen unit designed to inspire imaginative, messy play in early years settings.

Constructed from timber with bright HDPE panels, this mud kitchen features a removable stainless steel bowl for easy cleaning and interactive use. The unit is free-standing with no in-ground contact and is ideal for schools, nurseries, and play areas.

Bespoke HDPE colours are available on request to suit your outdoor space.

This unit measures 1800mm in length, 600mm in width, and 1004mm in height.

### Technical Information

### Materials

Our timber play equipment is constructed from laminated Glulam timbers for all load-bearing and structural posts. Made from European Redwood heartwood, the laminates are bonded with moisture-resistant, durable, and structurally approved adhesive, with grains aligned for maximum strength. Sourced from FSC-approved, sustainably managed European forests, Glulam ensures both safety and environmental responsibility.

Manufactured from high-grade waste which rescues countless tons of scrap from ending up in landfill. Renowned for its exceptional durability, our HDPE is virtually unbreakable, engineered to withstand the most challenging conditions. Moreover, it boasts excellent UV stability.

### Surfacing

### Surface Measurements

Grass Matting	N/A
Grass Matting (Wear Area)	N/A
Wetpour	N/A

No safety surface required as critical fall height is less than 600mm. However, we suggest allowing an appropriate free space around the item in compliance with BS EN1176.
