Whisper Curve - Large

SSS-003

A sturdy and inviting curved bench designed to enhance outdoor learning, social spaces, and story circles.

Constructed from robust 195 x 95mm sleepers, this bench offers durable seating with a natural aesthetic that blends seamlessly into playgrounds, parks, and outdoor classrooms. The gentle curve encourages group interaction and is perfect for forming circular seating arrangements.

Engraving is available to personalise the bench with names, quotes, or school branding.

Also available with Steel Feet
(Additional charges apply)

Technical Information

Materials

Pressure-treated UK pine sleepers are a highly durable and versatile material designed for exterior use, especially in demanding, ground-contact applications.

They are engineered through a specific industrial process to provide long-term resistance to biological degradation that would quickly destroy untreated timber.

Steel feet for square timbers, made of 4 mm steel and hot dip galvanized.

Universal steel ground support for square timber posts for optimal protection of wooden structures. The gap left between the timber and the ground makes surface maintenance easier as there is less risk of strimmer damage when grass cutting.

Surfacing

Surface Measurements

Grass Matting	N/A
Grass Matting (Wear Area)	N/A
Wetpour	N/A

No safety surface required as critical fall height is less than 600mm. However, we suggest allowing an appropriate free space around the item in compliance with BS EN1176.
